

# DAREDEVIL EVENT APPLICATION PROCESS

Ver. EN\_1.00  
3/2/2020

# CREATE A TOURNAMENT

To create a tournament, go to Smash.gg and click on the “Organize an event” button (smash.gg/create) on the side bar of the main page. It will be the “plus” button.

If you already have a tournament set up, skip to page 6.

Smash.gg is an online resource for tournament organizers and offers the ability to organize events, run brackets, and post tournament results. For more information, please visit <https://about.smash.gg/about-us/>

# CREATE A TOURNAMENT

Once you click the “Organize an event” button you will be taken to the “Organize an event today” page. Click on the “Create a tournament” button at the top of the page.

# CREATE A TOURNAMENT

Once you click on the “Create a tournament” link, you will be taken the “Create A New Tournament” page. Here, you will be asked for the following:

1. Tournament Name
2. Primary Contact
3. The start and end dates for your event

After that, click on the “Create Tournament” button.

smash.gg/create/tournament

# CREATE A TOURNAMENT

After creating your tournament, you will be taken to the “Tournament Dashboard.” From here, you can add games to your tournament.

Smash.gg refers to each game at your tournament as an “Event.” To add a game, click on the “Create an event” button.

The screenshot shows the 'Tournament Dashboard' for 'Example Tourney'. The dashboard is divided into several sections:

- Header:** 'Example Tourney TOURNAMENT' with 'Public' and 'Settings' options.
- Navigation:** 'Dashboard', 'Settings', 'Details', 'Admin Permissions', 'REGISTRATION', 'Registration Settings', 'Attendees', 'Teams', 'EVENTS', 'Events', 'Bracket Setup', 'Seed Generator', 'Pools & Seeding', 'Scheduling', 'Conflicts', 'Stations & Streams', 'REPORTING', 'Brackets', 'Match Dashboard', 'Stream Queue', 'Printing'.
- Alerts:** A yellow banner at the top states: 'Tournament is unpublished. Publish homepage to allow non-admins to see it.'
- Homepage:** A section titled 'Homepage' with a 'Publish' button. A lock icon indicates it 'Cannot be published until required tasks are completed'. It shows '39 days until tournament starts' with a 'START DATE' of '04/04/20, 11:00 AM PDT'. Below this, it lists 'NAME: Example Tourney', 'CONTACT: mimuspolyglotis@hotmail.com', 'START DATE: 04/04/20, 11:00 am PDT', and 'END DATE: 04/05/20, 11:00 pm PDT'. There is a link to 'Edit tournament details'.
- Edit details:** A section titled 'Edit details Required' with a subtext 'Update the default markdown on your tournament page' and an 'Edit details' button.
- Events:** A section titled '+ Events' with a 'Create an event' button. A blue arrow points to this button.
- Registration:** A section titled '+ Registration' with a lock icon and subtext 'Cannot be published until homepage is published' and a 'Publish' button.
- Attendees:** A section titled '+ Attendees' with a lock icon and subtext 'Cannot be published until homepage is published' and a 'Publish' button with a speech bubble icon.

# CREATE A TOURNAMENT

To set up a game, first enter the game you wish to add to your tournament.

The screenshot shows the 'Example Tourney' tournament management interface. At the top, there's a header with a calendar icon, the title 'Example Tourney TOURNAMENT', and options for 'Public' and 'Settings'. Below this is a 'Dashboard' section with a list of menu items categorized into SETTINGS, REGISTRATION, EVENTS, and REPORTING. The 'EVENTS' category is currently selected.

# CREATE A TOURNAMENT

Choose the platform you will be running the game on. Keep in mind that **for AWT 2020, all games MUST be run on the PlayStation®4.**

The screenshot displays the 'Example Tourney TOURNAMENT' management interface. On the left is a sidebar menu with categories: DASHBOARD, SETTINGS (Details, Admin Permissions), REGISTRATION (Registration Settings, Attendees, Teams), EVENTS (Events, Bracket Setup, Seed Generator, Pools & Seeding, Scheduling, Conflicts, Stations & Streams), and REPORTING (Brackets, Match Dashboard, Stream Queue, Printing). The main content area is titled 'Create event' and shows a three-step process: 1. Game Format, 2. Event Select, and 3. Event Settings. Step 1 is active, showing the game 'BlazBlue: Cross Tag Battle' with platform selection options: Arcade, PC, PlayStation 4 (checked), and Switch. A 'Continue' button is visible at the bottom right of the step. A navigation bar at the top includes 'Public' and 'Settings' options.

# CREATE A TOURNAMENT

Click on the “Custom Format” link, then select 1vs1. You can also select whether the event is offline or online (for AWT 2020, please choose offline) as well as enter the address where the event will be taking place.

The screenshot shows a sidebar menu for a tournament titled "Example Tourney". The menu is organized into several sections: "Dashboard", "SETTINGS" (with sub-items: Details, Admin Permissions), "REGISTRATION" (with sub-items: Registration Settings, Attendees, Teams), "EVENTS" (with sub-items: Events, Bracket Setup, Seed Generator, Pools & Seeding, Scheduling, Conflicts, Stations & Streams), "REPORTING" (with sub-items: Brackets, Match Dashboard, Stream Queue, Printing), and "Public" and "Settings" buttons at the top.

## < Events Create event

The "Create event" form is divided into three numbered steps:

- 1** Select the event: "BlazBlue: Cross Tag Battle" on PlayStation 4.
- 2** Event details: Includes a "Back to Event List" link, an "Event Format" dropdown menu set to "1v1", and radio buttons for "Online" (Event will be played online) and "Offline" (Event will be played in-person). The "Offline" option is selected. A "Venue Address" field contains "555 Mockingbird Ln Dystopia, USA" with a note: "Unverified location, [click here](#) to find the closest match". A "Continue" button is at the bottom right.
- 3** Event Settings

# CREATE A TOURNAMENT

Click on “Event Settings” and enter the game name, description of event, start date, and event costs.

Make sure the game’s event registration is visible.

Once everything is filled out, click on the “Submit and Publish” button.

# CREATE A TOURNAMENT

Finally, you can adjust the design and add information of your tournament from the Tournament Dashboard” before publishing the information.

You can customize your tournament page in the “Homepage” section.

Edit and add events in the “Events” section. Please make sure the format of the event complies with AWT 2020 regulations.

You can add, delete, and check the participants of your tournament in the “Attendees” section.

Once you have completed the settings of each section, click on the “Publish” button, click on the “Public” checkbox and save to make your information public.

The screenshot shows the "Tournament Dashboard" interface. At the top, there are navigation tabs for "概要" (Overview), "タスク" (Tasks), and "リクエスト" (Requests). A yellow warning banner at the top states: "Tournament is unpublished. Publish homepage to allow non-admins to see it." Below this, the "Homepage" section is active, showing a "Publish" button and a message: "Cannot be published until required tasks are completed." The main content area displays "39 days until tournament starts" with the start date "04/04/20, 11:00 午後 PDT". It also lists the tournament name "Example Tourney", contact email "k.miyauchi@arcsy.co.jp", and end date "04/05/20, 3:15 午後 PDT". There is an "Edit tournament details" link. Below this, the "Edit details" section is highlighted in red, with a "必須" (Required) label and a message: "Update the default markdown on your tournament page", accompanied by an "Edit details" button. The "Events" section has a "+ Events" header and a "イベントを作成する" (Create Event) button. The "Registration" section has a "+ Registration" header, a "Publish" button, and a message: "Cannot be published until homepage is published". The "Attendees" section has a "+ Attendees" header, a "Publish" button, and a message: "Cannot be published until homepage is published".

# APPLY TO LEAGUE

After adding the game to your tournament, keep an eye on the notification icon on your sidebar.

Once your tournament has 16+ entrants you will receive a notification marker.
